## Membership Investment Schedule

“...to provide opportunities  
to achieve a higher quality  
of life for the businesses and  
citizens of Siloam Springs.”

# What exactly does a Chamber of Commerce do?

We do whatever we can to help the businesses, industry and community as a whole, the best way we can. We are the only entity *in the world* whose sole purpose is the promotion of Siloam Springs. This promotion lends itself to new businesses, new industries and tourism. All of these, economically, improve the quality of life we enjoy in Siloam Springs.

## Some major projects of The Chamber:

- ◆ Dogwood Festival, which brings close to 30,000 people to town, is the last Friday, Saturday and Sunday in April each year.
- ◆ Chamber Rewards Program to bring more people to your business, while offering you discounts at other businesses. More than 2,500 cards distributed to consumers.
- ◆ Adopt-a-School program, which brings local business and industry into the schools to see what's happening first hand, is at each of the five schools. They conduct fundraising events to supply the schools with technology and other equipment for the students not allowed for in the current budget.

Used by both the local businesses and those inquiring from out of town, the Chamber is an information clearing house for businesses and attractions in and around Siloam Springs.

Communication . . . The Chamber Newsletter is published as an insert into the local Herald Leader newspaper the last Wednesday each month for the entire community to see (only Chamber members allowed to purchase ads). The From Business For Business weekly email sent to over 800 subscribers with information from Chamber members, as well as community events.

Does this sound like something you want to be a part of? Do you want to have new ways of promoting your business? Do you want to support the community? If you do, please fill out the application included in this brochure and return it to the Chamber with your payment. The membership investment schedule that details the amount due is detailed in the next panel of this brochure. The fee will pay for your membership for the next twelve months.
